The Company Secretary reports directly to the Board, through the Chairman, on all matters to do with the functions of the Board.

The Company recognises that diversity is a critical aspect of effective management of its people and their contributions to the success of the Company. This diversity is reflected in the differences in gender, race, age, culture, education, family or carer status, religion and disability which is found across the Company. With regard to the relatively small number of staff at present, the Board does not consider it necessary to establish a policy concerning diversity at this time.

The Company employs less than 100 staff and is not a "relevant employer" under the Workplace Gender Equality Act.

Recommendation 1.6 - Board Performance Assessment

The Board undertakes an informal process of self-assessment of its performance, and the performance of its committees. During the reporting period, the Board has undertaken an assessment of individual Directors performance informally via discussions between each Director and the Chairman.

The Board continually monitors the need for additional skills on the Board and Board member succession issues. It will make Board appointments as appropriate. Any director appointed to fill a vacancy must stand for election by shareholders at the next Annual General Meeting. In addition, one-third of the Non-Executive Directors, and any other director who has held office for three years or more since last being elected, must retire from office and, if eligible, stand for re-election. The following principles apply in respect of the Board:

- The majority of Non-Executive Directors on the Board should ideally be composed of independent directors, however based on the size of the Company and Board this may not be possible.

When making recommendations, the Committee aims to design policies that attract and retain the executives needed to run the Company successfully and to motivate executives to pursue appropriate growth strategies while aligning shareholder return with remuneration.

Remuneration for senior executives typically comprises a package of fixed and performance based components. The Committee may, from time to time, seek advice from special remuneration consulting groups so as to ensure that the Board remains informed of market trends and practices, and did so in this financial year.

Executive remuneration and the terms of employment are reviewed annually having regard to personal and corporate performance, contribution to long-term growth, relevant comparative information and independent expert advice. As well as a base salary, remuneration packages include superannuation, performance-related bonuses and fringe benefits.

Performance-related remuneration for key management during the 2014 financial year was tied to Company profitability.

The contracts for service between the Company and key management personnel are on a continuing basis, the terms of which are not expected to change in the immediate future.

Employment contracts stipulate various notice periods. The Company may terminate an employment contract without cause by providing written notice or making payment in lieu of notice, based on the individual's annual salary component together with a redundancy payment as per relevant legislation. The employment conditions of the Managing Director, Mr Ankers and other key management personnel are formalised in contracts of employment.
